SPOTLIGHT 1975

PORTRAYING THE '74-'75 SCHOOL YEAR
WITH THE THEME
"KEEP ON TRUCKIN' "

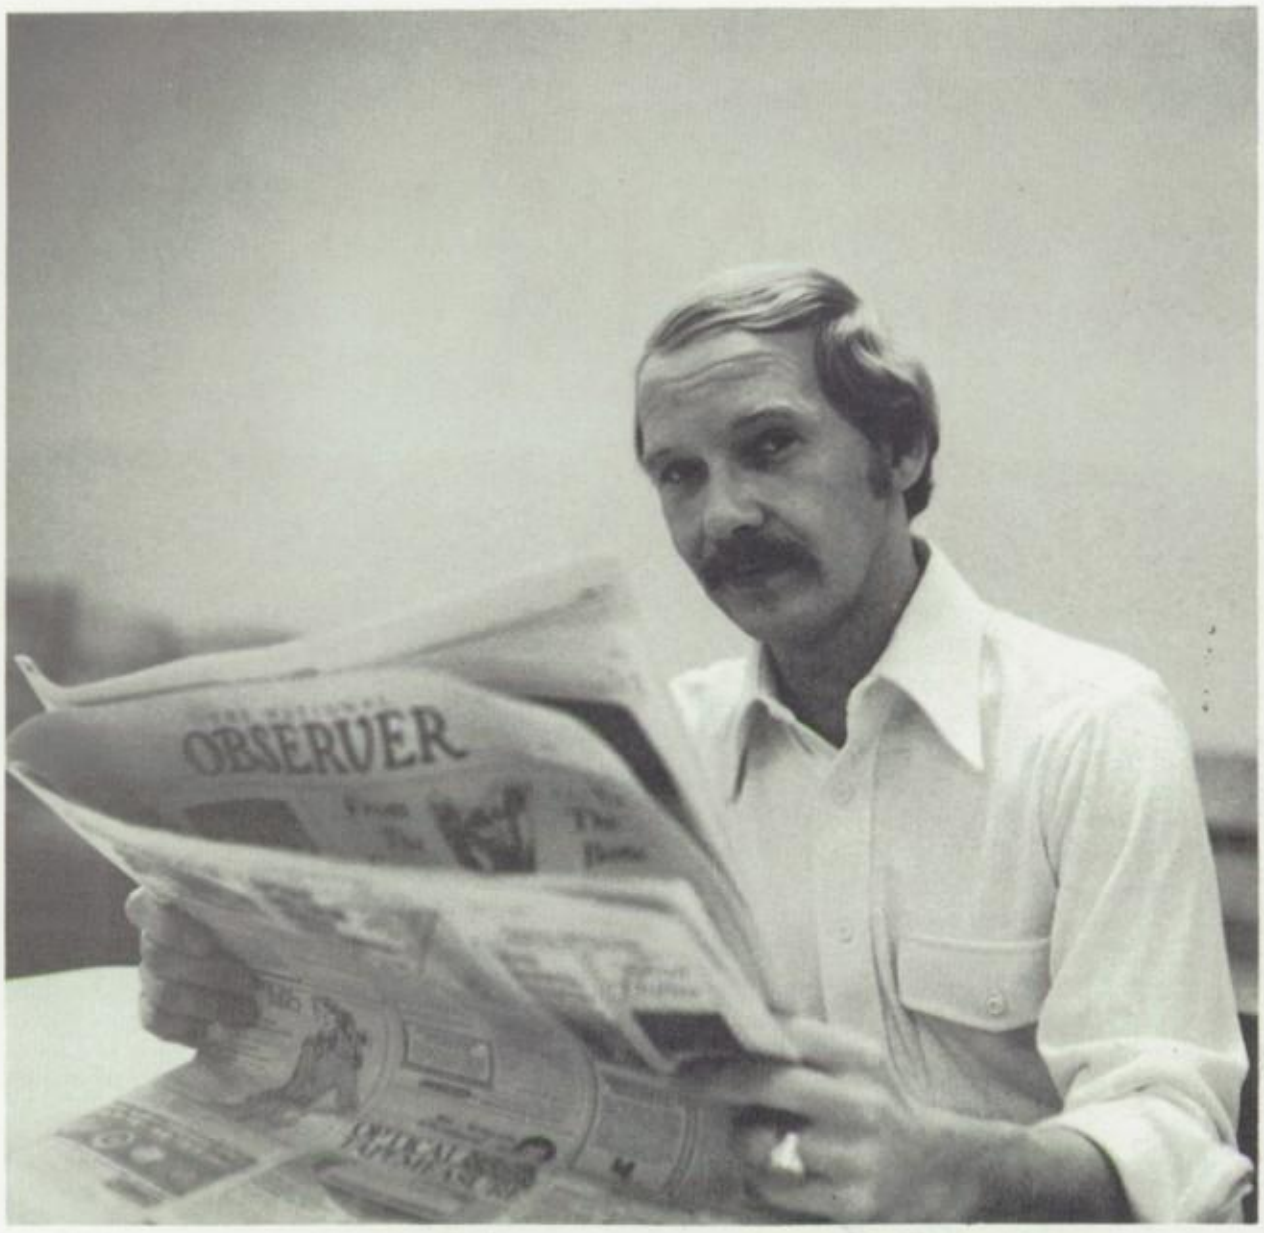
CLYMER CENTRAL SCHOOL
CLYMER, NEW YORK

Dedication

Because of your patient guidance, we knew where we were going. Because of your friendship, we learned the true meaning of appreciation. And though you weren't with us this year, our thoughts were often about you, and your presence was felt in the hearts of those who knew you best. So to you, Mrs. Heppler, we dedicate our yearbook, Spotlight 1975.

How could we ever begin to show our appreciation to Mr. Morgan. It's impossible. He has not only taught us English, but he has gone deeper and helped us to begin to understand ourselves. Understanding oneself is an important part of going through high school. Mr. Morgan has helped us all the way. He has a clever way of reaching people. That, along with his patience and magnetic personality have made him what he is. Words just just can't say enough, Mr. Morgan.

THANK-YOU



Appreciation

What could we say to one as you?
Somehow words just can't express,
All our feelings deep inside
To us you are our best, best friend.

You have taught us how to grow,
Patience and strength so we can see
Other peoples' point of view,
And you showed us
We could be just us, pure and free.

Thank-you for your patience and your time
Thank-you for your rhythm and your rhyme
Thank-you for always understanding
Thank-you for clearing our minds.

Thank-you for your humor and your smile
Thank-you for thinking it worthwhile
Thank-you for helping us start our life
Thank-you for helping us climb our style.

Please don't go-you have got to help us grow.

We'll be able to get along,
You have taught us how to bend,
And face each situation strong.
We don't want your time to end
Best Friend.

Pat Courtright

Thank-you, Mrs. Rhebergen.

reflections

memories wander through my mind -
the kind i'll treasure long;
reflections of the days gone by
filled with laughter, love and song.

and yet, how swiftly time has flown
you can see how much we've grown.
flowing swiftly, ever on
time brings to us a bright new dawn.
a different place, a friendly face
a loving kiss, a warm embrace.

and then they send us on our way
we'll start a different life today.
we've left this home, we're on our own
we travel on, but not alone
for there are friends from days long past
who lend a hand while memories last.

and still the time flows swiftly on
it doesn't stop when we are gone.
for memories only show the past
and those reflections that cannot last.

Administration

Mr. Robert Jaeger
Supervising Principal

Dear Seniors:

I wish to personally congratulate you on your graduation from Clymer Central School and extend a "Well Done", to each and every one of you. Thirteen years ago you came to school probably not thinking very much about the reasons for your being there nor what you hoped to accomplish in the ensuing years. It is my hope and wish that as you prepare to leave C.C.S. you leave with good memories of your years in school, you leave with an understanding of why school is necessary and most important, you leave with a sense of accomplishment, direction, purpose, and committment for the future. You ARE the finest Clymer Central has to offer.

Let me digress for a moment and become a bit sentimental. The first time we do things usually is the most significant. For most of you, this will be your first graduation -- for me, it is my first opportunity to work with Seniors as their principal. I want you to know you have made a significant positive impression on me and I shall certainly measure future classes by the mark you leave.

May God bless each and every one of you.

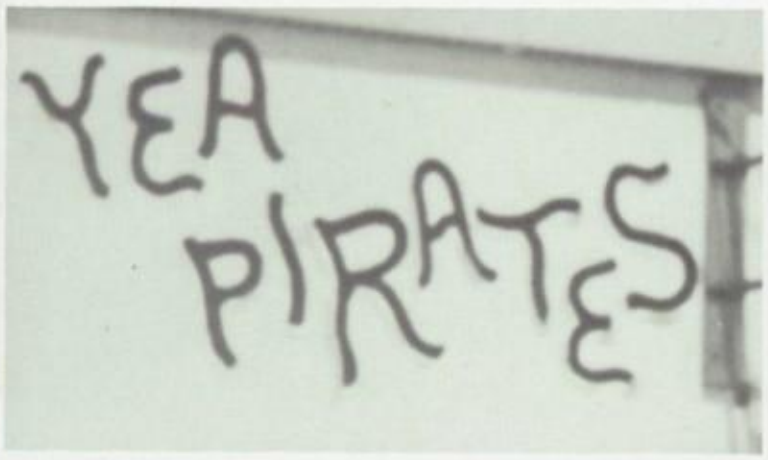
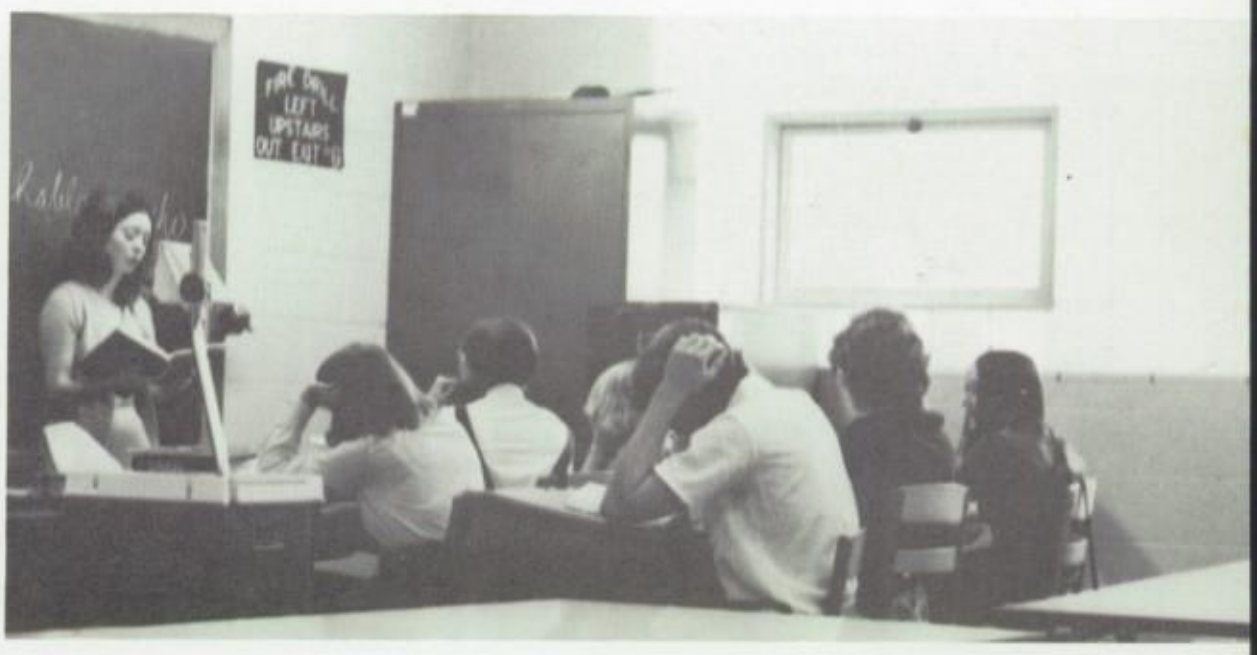
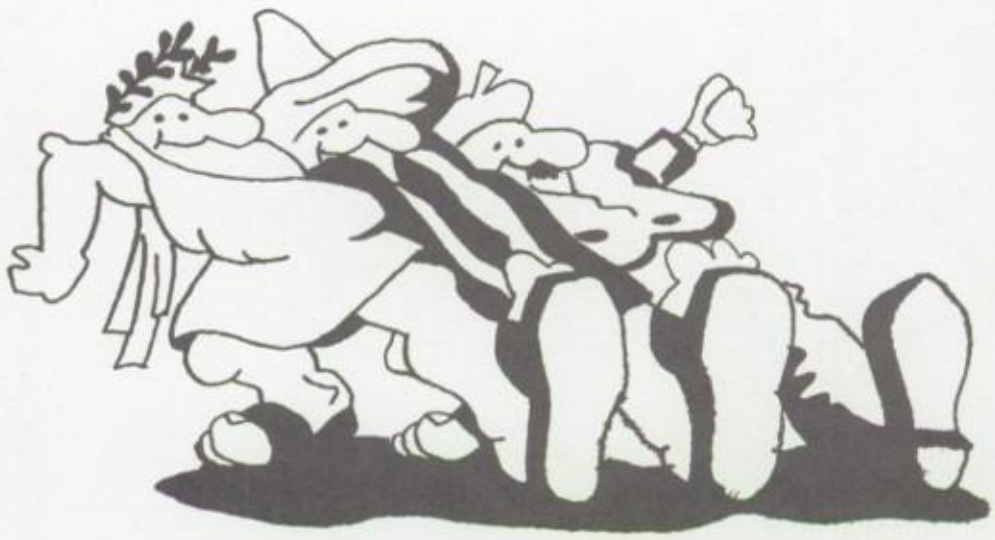
Languages

Mrs. Vivian Legters, Miss Nancy Guhl, Miss Elaine Popielinski.

The importance of communicating with people of other lands is taught to us through the endeavors of Miss Popielinski, Miss Guhl, and Mrs. Legters. Majors offered in the French, Spanish, and Latin languages create an awareness of completely different ways of speaking. Students are also given a view of the varying cultures behind these languages.







Science

Mr. Kenneth Sullivan, Mr. Frank Henry, Mr. Eugene Adams.

With the ever-expanding knowledge in the different fields of science, it is important to have excellent teachers like Mr. Sullivan, Mr. Henry, and Mr. Adams. Their guidance in both class and laboratory aid the student in developing his own pace of learning and an understanding of science.

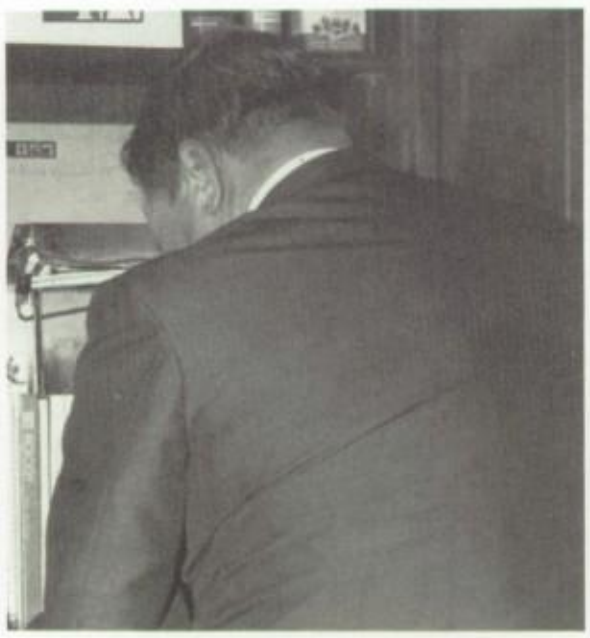
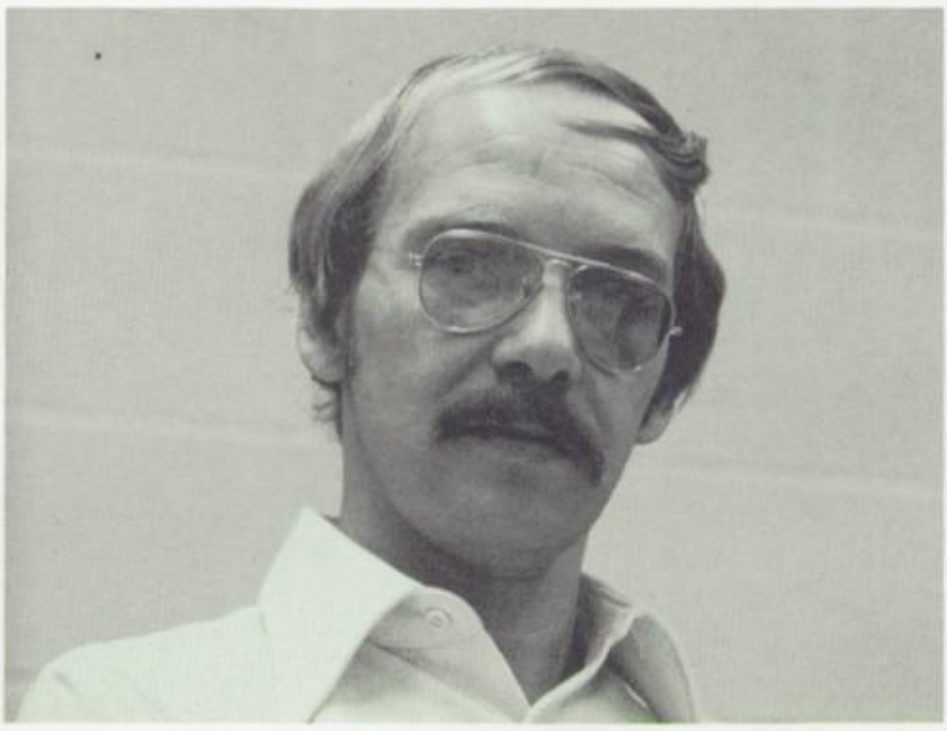
As a matter of fact, I do see that pimple.



You can't play with my rocks!

I had 99% fewer cavities!



English

The English language today exists in a variety of forms across the United States and even in other areas of the world. It is an important field of communication whereby we are enabled to express ourselves to those around us. Mr. Morgan, Mrs. Herring, and Mr. Johnson help to widen our horizons through the studies of grammar and the many forms of literature.

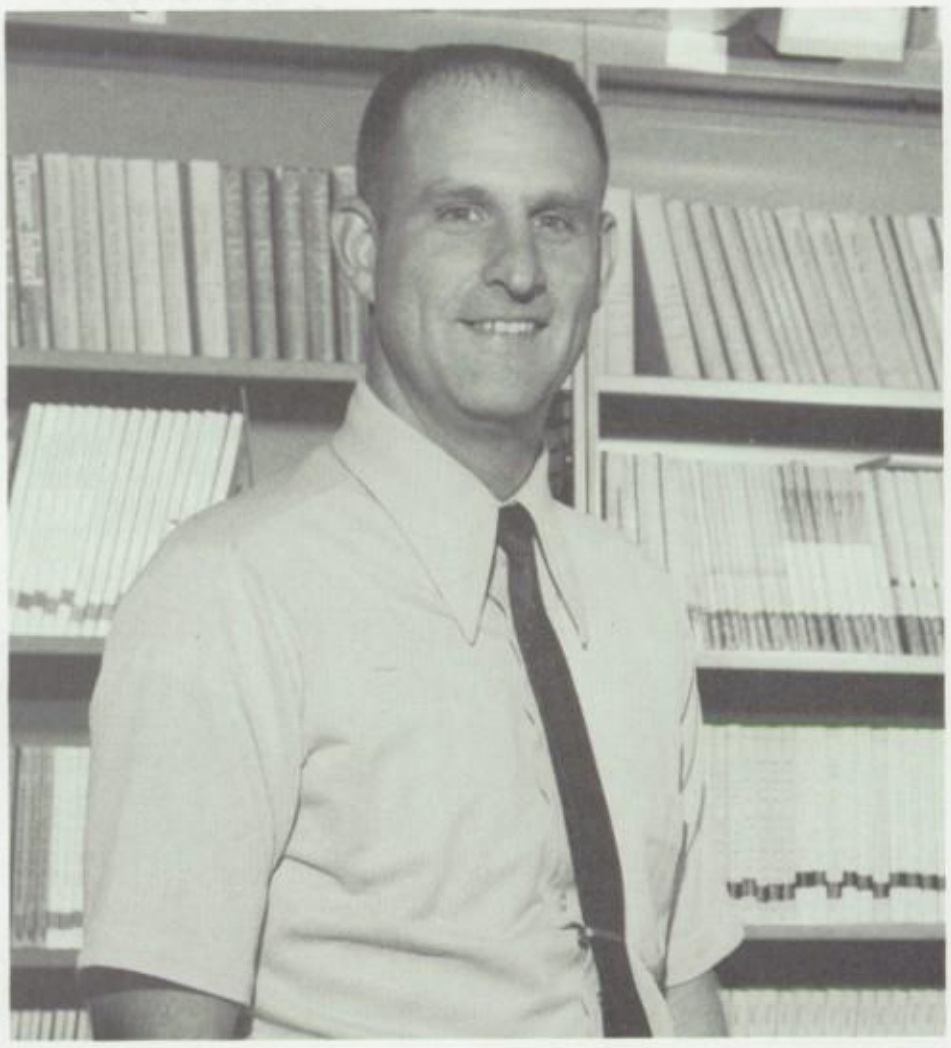
Mrs. Vivian Legters.



Mr. Howard McMullin.

Some students have reading problems requiring special attention. Since reading is basic to most skills, Mrs. Legters, the secondary instructor, and Mr. McMullin, the elementary instructor, endeavor to improve the students' speed and comprehension, among other readings skills.

Mr. Bensink is always nearby to help students decide next year's courses or where to apply for college. He gives us reassurance in our decisions and reminds us about important matters that we would otherwise put aside.

Mr. Irwin Bensink.

Tennis

The 1974 tennis team completed their regular season with 4 wins and 12 losses. Marty Molk and Lance Bensink teamed to win the Section 6 doubles championship, defeating Ripley in the playoffs. They lost to Williansville in the intersectional qualifier for the state championship. Marty became the first girl ever in any of the classifications to win in individual Section 6 competion.

The 1974 tennis team: Standers: G. Brightman, L. Bensink, J. Cooper, D. Legters, B. Gravink, M. Molk. Kneelers: L. Camper, T. Neckers, Coach Russell, B. Duink, M. Kubasik.

Track

After losing 6 individual sectional winners via graduation, 1974 was a rebuilding year for the Pirate track team. During the 4 wins-4 losses season, records were set in the 330 Intermediate Hurdles and the triple jump. Clymer took 3rd place in the County Class C meet at Southwestern, and 4th place in the Sectionals at Fredonia State College. A more experienced team for 1975 provides a brighter looking future, especially with the completion of our new ¼ mile cinder track.

The 1974 track team: Highest: G. Gorski, T. Rowan, D. Elliott, J. Ball, G. Nelson, D. Heil, B. McCray, R. Buesink, D. Neckers. Higher: B. Schenk, B. Perry, B. Cravink, B. Markham, B. Holmes, C. Nyweide, D. Coon, G. Bennett. High: J. Bennett, S. Aikens, D. White, D. Elliott, R. Gibbons, M. Boozel, G. Seblink, D. Cooper. Low: S. Humes, R. Coon, R. Merritt, S. TeCulver, L. Zojonc, R. Stahlman, K. Wells, Coach Cook, Lowest: R. Adams, C. Emory, S. Gribble.

Baseball

Baseball is alive and well at Clymer. The Battlin' Bucs, with a league record of 9-1, copped their first league championship in 15 years. With the return of 12 lettermen and 2 J. V. letter winners, including "Thumper" Bailey, Lynn TeCulver and Dave Cole, the baseball fortunes of the Bucs seemed destined for even greater accomplishments in '75. Play Ball!

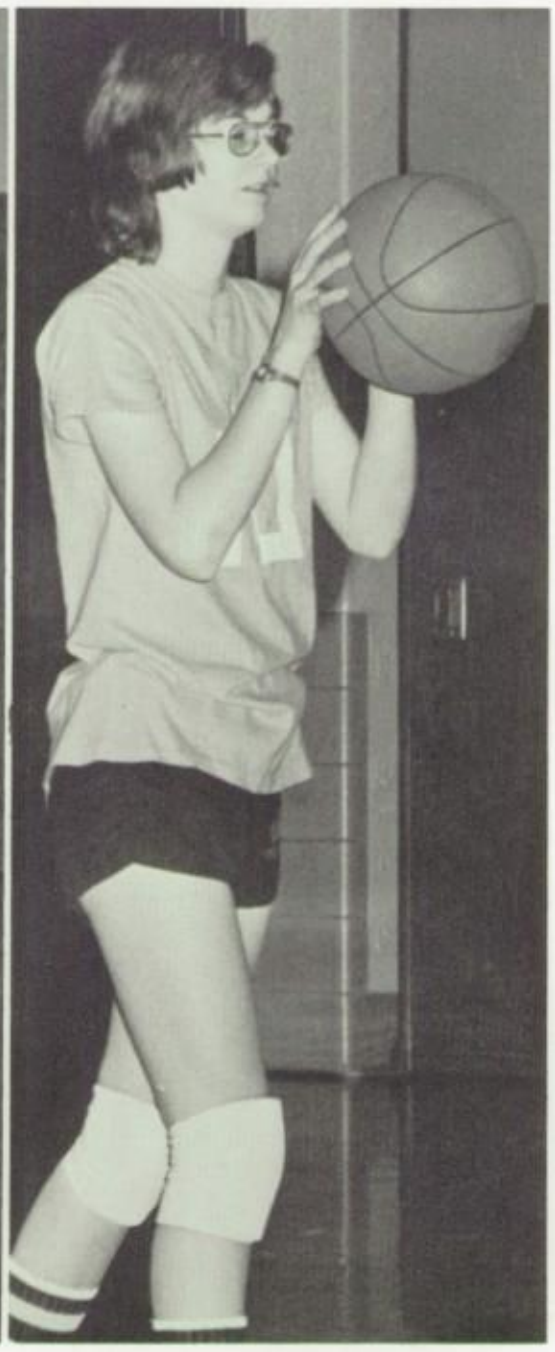
Bowling

Clymer's '74 bowling team finished fourth in the Class C Section VI bowling championship held in Hamburg, N.Y.. Traveling as coach of the team was Mr. Durwood Swanson. Clymer missed 3rd place by a mere 8 pins. It was a tight competition and the team did well. Senior members were Barb Duink and Kathy Buesink.

Volleyball

Clymer was left with second place and a 2-1 standing at the Volleyball Class C County Tournament, losing only to Chautauqua. The 1975 team should be a real challenge with a possible 5 returnees.

Girls Basketball



After a long lapse in girls basketball, Clymer has now been offically established in Division 3 of the Girls' Basketball League. The girls, under the coaching of Miss Stein, are really proving themselves in their games. In the near future look for our girls to be champions!

The 74-75 team members are, from the shortest to the tallest: M. White, S. Merritt, K. Merritt, B. Bailey, S. Szymecki, D. Volkman, A. Newton, R. Wiggers, N. Eliason, L. Winner, B. Wiggers, B. Perry, L. Zojonc, C. Smith, B. Duink, K. Smith, D. Sexton, and Coach Stein.

Sunshine glaring in my eyes
Can't seem to get used to
the shadows
We go from one extreme to the
other so often that we never
bother to stop and care
Maybe if we found some time to care
some time to share
We could also find a way to shield
our blinded eyes.
And the hand that reaches out to guide us
through the shadows
Will help us realize that each step
is the same.
We only see them in a different light.
